

2012 Carlin University

Carlin University introduces three separate training classes to fit your needs. Carlin U's one-day training programs include a residential oil burner class, a residential gas class and a commercial oil and gas burner class (combined). Each of these three classes will be offered separately. A review of the burner components and setup procedures as well as the use of test equipment for proper setup and diagnosis will be demonstrated.

Class Information

Class registration fee is \$159.00 per person per class.

The class will begin promptly at 8 am and ends at 5 pm.

Technician manuals, continental breakfast and lunch are included in each course. At the end of the day, each student receives a Carlin U Diploma. Oil classes are NORA certified 8 continuing ed credits. Residential oil class students receive a free multimeter and residential gas and commercial oil & gas students receive a free multimeter and a u-tube manometer.
